HUB**

Sydney Startup Hub

Fact Sheet

The Sydney Startup Hub is the largest innovation centre of its kind in the southern hemisphere. Funded through a \$35 million investment from the NSW Government, the Sydney Startup Hub brings together Australia's leading startups, incubators, accelerators and innovation programs under one roof.

Community facilities and programs

Our Level 1 community and events floor enables collaboration and networking. It's where the brightest minds in Sydney mingle with the leading lights of the regional NSW, national and international startup and investment communities.

We offer programs which help startups to develop skills and overcome challenges including sourcing talent, customers and funding.

Level 1 includes a café, free wi-fi, open workspaces and quiet work areas.

Events

With 11 floors packed with coworking spaces, incubators and accelerators, there's always something going on at the Sydney Startup Hub. From hackathons to pitch nights and more, see all the latest events at sydneystartuphub.com

Host your own startup-related event on Level 1, which has a number of event rooms (max. capacity 140), a 110-seat cinema/lecture theatre and a workshop and wellness centre. To hire space email reception@sydneystartuphub.com.au

Regional Landing Pad

The Regional Landing Pad on Level 1 provides regional NSW entrepreneurs with:

- free, secure desk space
- a bookable conference room and meeting room
- free wi-fi
- networking with Sydney Startup Hub residents.

Regional entrepreneurs can use the space for up to three days at a time. It is open from 8am to 6pm, Monday to Friday.

To book email reception@sydneystartuphub.com.au or phone **02 8222 4188**.

Visit the Sydney Startup Hub located at 11-31 York Street, Sydney NSW 2000 (above Wynyard Station).

Level 11 Future Transport Digital Accelerator

The first of its kind, Future Transport Digital Accelerator enables innovators and startups to collaborate directly with Transport for NSW in developing solutions to accelerate the delivery of the Future Transport Technology Roadmap.
